LIBRARIAN'S REPORT

To the Board of Trustees of the Jackson Public Library:

I beg to submit herewith my report of the work done by the Library and a statement of its condition for year ending 1939.

The Library has been open 116 days; from July 1 to October 1, the hours were from 10 a. m. to 12 noon daily; for the remaining months from 2 to 4 p. m. every Saturday. In this time the total number of books given out was 2434.

There has been added to the Library by gift 19 volumes and by purchase 42 volumes, making a total number of books in the library 4247. About one hundred obsolete books have been removed to give more room for new books. In addition to the above we have on file the following magazines: National Geographic, Atlantic, Good Housekeeping, Saturday Evening Post, Popular Mechanics, Ladies' Home Journal, Pictorial Review, American, Woman's Home Companion, Home Arts, Colliers, Better Homes and Gardens, Child Life and Jack and Gill.

We gratefully acknowledge from Miss Bertha F. Rogers a gift of \$25.00 for new books.

The Public Library Commission's bookmobile service has been greatly appreciated. It has been coming once a month, beginning in July, from the State Library in Concord. The Jackson Library and the Dundee District, which is in charge of Mrs. Daniel Dinsmore, has had the benefit of the following number of volumes: Jackson Library: 35 adults, 20 juvenile; Dundee: 16 adults, 34 juvenile.

Report of Superintendent

To the School Board and Citizens of Jackson:

The most notable achievement of the year is the improvement in the physical equipment of the Jackson village school. The installation of steam heat and of modern toilet facilities indicates a desire and willingness on the part of the citizens to give the children of the district superior conditions for carrying on school work.

It is a pleasure to report that under the direction of a competent staff of teachers there has been a notable improvement in attendance and in general morale of the school.

It is desirable to install new blackboards in the Dundee school where the present blackboard equipment is very unsatisfactory. The village school also needs painting both inside and outside.

There are at present eleven Jackson pupils in attendance at New Hampshire high schools. This is an indication of an increased interest in education.

Respectfully submitted,

JOHN H. FULLER
